

Hi there !

Design help societies evolve as a better place to live in, by solving problems and making our lives easier and happier.

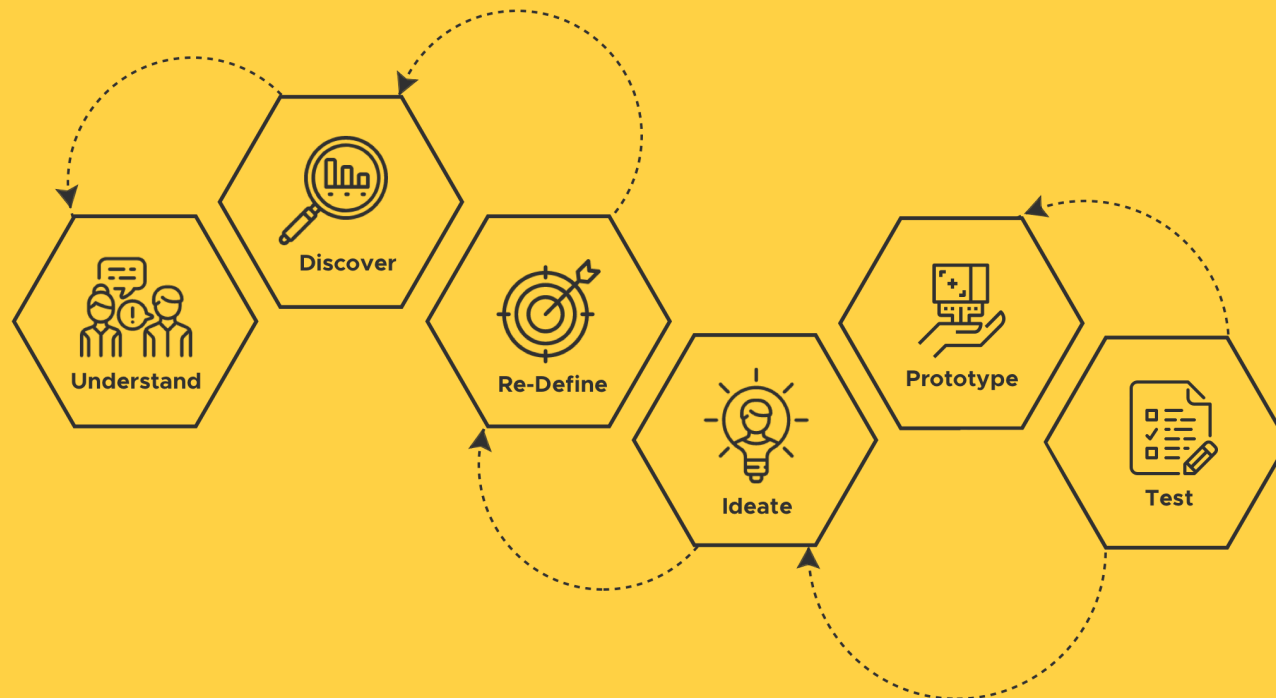

We are proud to be part of the community who contribute in making, making something better, every moment.

Join me and run along to cocreate the awesome.

Hello,
My name is Amit, a designer, thinker and a learner.

As user experience designer at HPE, I design next-gen software solutions to manage huge IT infrastructure of enterprises.

I firmly believe, "Design has solution to all the prevalent problems of the world". And, this is my generic way of solving problems -

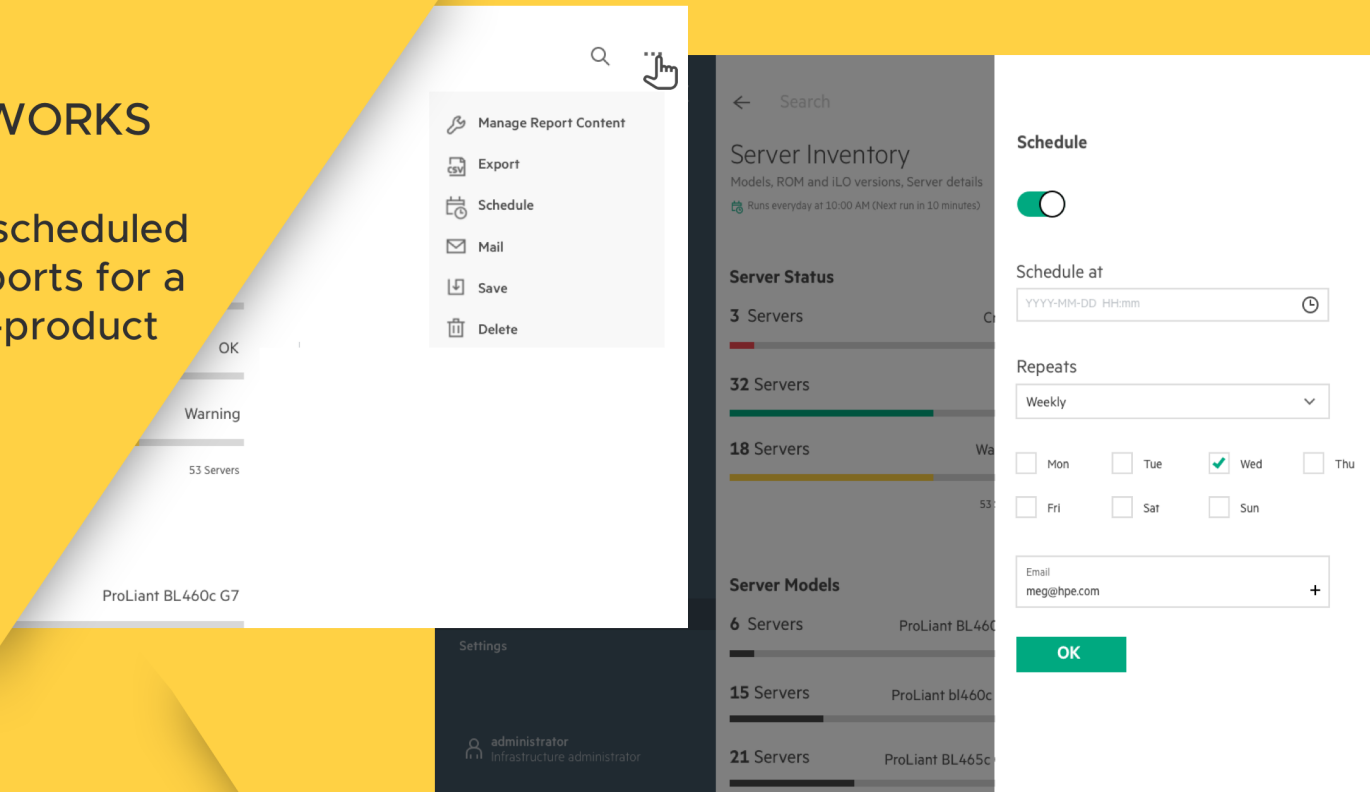

APART FROM WORK I ♥
